ParkWalk COVID-19 Action Plan

As the global pandemic continues, ProHealth Care has taken extra steps to safely address the health care needs of the community. We care for all those who need care — people who have COVID-19 and patients with other needs.

ProHealth Care strongly encourages everyone to take the simple steps that have proven effective in stemming the spread of the virus — wear a mask when you are in large groups of people, keep your distance from others and wash your hands often.

1. Encourage use of masks while in park if social distancing isn't possible.
2. Provide individually wrapped refreshments in a grab and go area for participants.
3. Pre-registration and early t-shirt pick up is offered to reduce the gathering of crowds inside the main shelter at Field Park on May 3.
4. Offer hand sanitizer stations at convenient locations for participants.
5. Virtual walk option (Choose Your Own Path) offered for those who prefer it.

April 2025

Dear Neighbors,

On Saturday, May 3, 2025, ProHealth Care will be holding the ParkWalk for Cancer at Field Park. This annual event has been held the first Saturday in May since 2004. We're excited to hold our event once again! The proceeds from this event benefit cancer services available at ProHealth Care, including the UW Health Cancer Center at ProHealth Care Mukwonago.

We wanted to inform you of our event so you are prepared for the influx of participants and vehicles in your neighborhood. We work closely with the Village of Mukwonago officials and the Mukwonago Police Department to ensure compliance with all local ordinances and safety regulations. We expect approximately 350 participants this year.

While we encourage our participants to park at the Park View Middle School parking lot, you may see increased street parking in the neighborhoods around Field Park between 8 a.m. and noon on May 3rd. Our Walk begins at 10 am, so please expect heavy pedestrian traffic between 10 – 11 am as our participants follow the route noted below.

If you have any questions about our Walk, please feel free to contact me.

All the best,

Laura Groetsch

MEMORANDUM

DATE: February 6, 2025
TO: Village Board of Trustees
FROM: Diana Dykstra, Village Administrator
RE: Engagement Letter with VonBriesen

I was able to reach out to Attorney Smith regarding several questions that were asked at the Committee Meeting.

Is there a cap on the amount of the contract or what is your estimate?

There is no cap because it is hard to estimate until digging in to the matter fully. However, he can keep us apprised on the progress and we will get monthly invoice. They will be able to come up with those answers shortly after being engaged and the Village will have the ability to stop working at any time if we sense the project is getting to costly. He does not anticipate that issue.

Have you ever worked with a municipality that is split between two counties?

They represent a large number of municipalities in Wisconsin and have no doubt some of them span two counties. However, this situation in the Village as it relates to TIF is not one he has worked on before and how the DOR is adjusting the equalized value due to the multiple county issue. That being said, he is absolutely confident they can solve this problem.

Do you feel you can find an answer?

He has no doubt they can. Between himself and staff they plan to bring in they can assist. They have not found a TIF related issue they have not been able to solve.

The Village is not interested in litigation, and would like to confirm this will not be bringing any action against anyone.

Based on the issues here, he does not foresee litigation as the solution.

He also wanted to relay that he has been personally practicing in this area for nine years and have been involved in just about every type of TIF deal imaginable. He noted they have people on their team involved in TIF since the law's creation. He is a frequent speaker on TIF related issues including before the WCMA conference and Wisconsin Economic Development Association (WEDA) conference. He stated "I have absolutely no doubt that my team will be able to solve the issue that the Village is experiencing."

Re: Engagement Letter for the Village of Mukwonago

Dear Ms. Dykstra:

Thank you for asking von Briesen & Roper, s.c. to represent the Village of Mukwonago, we look forward to working with you. We thought it best to set out in writing the terms and conditions upon which we will provide legal services. The purpose of this letter is to articulate and confirm these terms and conditions.

SCOPE OF SERVICES

You asked us to represent the Village of Mukwonago in connection with issues that you are experiencing as a result of Wisconsin Department of Revenue adjustments related to Tax Incremental Financing District No. 5.

RESPONSIBILITIES

In reliance upon information and guidance provided by you, we will provide legal counsel and assistance in accordance with this letter, keep you reasonably informed of progress and developments, and respond to your inquiries.

POTENTIAL CONFLICTS OF INTEREST

We are a relatively large law firm and we represent many companies and individuals. It is possible that some of our present and future clients will have business relationships and potential or actual disputes with the Village of Mukwonago and its affiliates. We will not knowingly represent clients in matters that are actually adverse to the interests of the Village of Mukwonago without your permission and your informed consent. We would ask that you consent, on a case by case basis, to our

representation of other clients whose interests are, or may be adverse to, the interests of the Village of Mukwonago in circumstances where the Village of Mukwonago has selected other counsel and where we have requested a written conflict waiver from you after we have advised you of the circumstances of the potential or actual conflict and you have given us your informed consent.

FEES FOR LEGAL SERVICES

Our fees for legal services rendered to the Village of Mukwonago will be primarily based on the amount of time required and the hourly rates of the attorneys and paralegals who render the services. These rates are periodically adjusted to reflect increased efficiency, skills and cost increases. The adjusted rates will apply to all services performed thereafter.

Our current billing rates for the attorneys and paralegals we anticipate will be working on behalf of the Village of Mukwonago range from \$ 225.00 to \$ 510.00. As we proceed, we will use personnel with lower billing rates to the extent practical to work on your matters.

LIMITED LIABILITY

von Briesen & Roper, s.c., is a limited liability entity under Wisconsin law. This means that if we fail to perform our duties in our representation of the Village of Mukwonago, and that failure causes Village of Mukwonago damages, our firm and the shareholder(s) directly involved in the representation may be responsible to Village of Mukwonago for those damages, but the firm's other shareholders will not be personally responsible. Our professional liability insurance exceeds the minimum amounts required by the Wisconsin Supreme Court for limited liability entities of our size.

COMMUNICATION BY E-MAIL

Our firm primarily communicates with its clients via unencrypted internet e-mail, and this will be the way in which we communicate with you. While unencrypted e-mail is convenient and fast, there is risk of interception, not only within our internal networks and the systems used by internet service providers, but elsewhere on the internet and in the systems of our clients and their internet service providers.

FILE RETENTION AND DESTRUCTION

In accordance with our records retention policy, most paper and electronic records that we maintain are subject to a 10-year retention period from the last matter activity date or whatever date we deem appropriate. Extended retention periods may apply to certain types of matters or pursuant to your specific directives.

After the expiration of the applicable retention period, we will destroy your records without further notice to you, unless you notify us otherwise. At the conclusion of your matter, you may opt to retrieve your records from our firm. We are happy to accommodate you in this regard.

GENERAL PROVISIONS

Enclosed is a statement entitled "General Provisions" setting forth additional terms and conditions which are incorporated into this letter and apply to our representation to the extent they are not inconsistent with the terms of this letter.

We are pleased to have this opportunity to be of service to the Village of Mukwonago. If at any time during the course of our representation you have any questions or comments about our costs, services, or any aspect of how we provide services, please don't hesitate to call me.

Village of Mukwonago agrees to retain the services of von Briesen & Roper, s.c. under the terms and conditions specified above.

GENERAL PROVISIONS

Except as modified by the accompanying engagement letter, the following provisions will apply to the relationship between von Briesen & Roper, s.c., and our clients:

- (1) The time for which a client will be charged will include, but will not be limited to, telephone and office conferences with a client and counsel, witnesses, consultants, court personnel, and others; conferences among our personnel; factual investigation; legal research; responding to clients' requests to provide information to auditors in connection with reviews or audits of financial statements; drafting of letters, pleadings, briefs, and other documents; travel time; waiting time in court or elsewhere; and time in depositions and other discovery proceedings.
- (2) Clients are responsible for payment to reimburse us for costs incurred in performing services such as large volume photocopying, messenger and delivery, air freight, videotape recording, travel (including mileage, parking, airfare, lodging, meals, and ground transportation), court costs, and filing fees. To the extent we directly provide any of these services, we will charge for our direct costs and overhead allocable to the services. Unless special arrangements are made, fees and expenses of others (such as experts, investigators, witnesses, consultants, and court reporters) and other large disbursements will not be paid by our firm and will be the responsibility of, and billed directly to, the client.
- (3) We may, on occasion, furnish estimates of fees or charges we anticipate will be incurred on a client's behalf. These estimates are by their nature inexact. We are not bound by any estimates except as expressly set forth in the engagement letter or otherwise agreed to by us in writing.
- (4) Fees, disbursements, and other charges will be billed monthly and are payable upon presentation. We expect prompt payment.
- (5) A client shall have the right at any time to terminate our services and representation upon written notice to the firm. Such termination shall not, however, relieve the client of the obligation to pay for all services rendered and disbursements and other charges made or incurred on behalf of the client prior to the date of termination.

- (6) We reserve the right to withdraw from our representation with the client's consent or for good cause. Good cause may include the client's failure to honor the terms of the engagement letter, the client's failure to pay amounts billed in a timely manner, the client's failure to cooperate or follow our advice on a material matter, or any fact or circumstance that would, in our view, impair an effective attorney-client relationship or would render our continuing representation unlawful or unethical. If we elect to do so, the client will take all steps necessary to free us of any obligation to perform further, including the execution of any documents (including forms for substitution of counsel) necessary to complete our withdrawal, and we will be entitled to be paid for all services rendered and disbursements and other charges made or incurred on behalf of the client prior to the date of withdrawal.
- (7) Unless stated to the contrary in the engagement letter, due to the specialized nature of the federal Corporate Transparency Act and similar state laws (the "CTA") and potential penalties for noncompliance, this engagement will not cover any services in connection with the CTA, including, but not limited to, the filing of reports required by the CTA even if we create entities as part of this engagement. In addition, this engagement does not include any review or analysis of your organizational structure or your interests in legal entities or trusts to determine whether they may require reporting under the CTA. Any work in connection with the CTA will be the subject of a separate written engagement letter.

ARTICLE 2 ARCHITECT'S RESPONSIBILITIES

§ 2.1 The Architect shall provide professional services as set forth in this Agreement. The Architect represents that it is properly licensed in the jurisdiction where the Project is located to provide the services required by this Agreement, or shall cause such services to be performed by appropriately licensed design professionals.

§ 2.2 The Architect shall perform its services consistent with the professional skill and care ordinarily provided by architects practicing in the same or similar locality under the same or similar circumstances. The Architect shall perform its services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Project.

§ 2.3 The Architect shall identify a representative authorized to act on behalf of the Architect with respect to the Project.

§ 2.4 Except with the Owner's knowledge and consent, the Architect shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise the Architect's professional judgment with respect to this Project.

§ 2.5 The Architect shall maintain the following insurance until termination of this Agreement. If any of the requirements set forth below are in addition to the types and limits the Architect normally maintains, the Owner shall pay the Architect as set forth in Section 11.9.

§ 2.5.1 Commercial General Liability with policy limits of not less than « Two million dollars » (\$ « 2,000,000 ») for each occurrence and « Four million dollars » (\$ « 4,000,000 ») in the aggregate for bodily injury and property damage.

§ 2.5.3 The Architect may achieve the required limits and coverage for Commercial General Liability and Automobile Liability through a combination of primary and excess or umbrella liability insurance, provided such primary and excess or umbrella liability insurance policies result in the same or greater coverage as the coverages required under Sections 2.5.1 and 2.5.2, and in no event shall any excess or umbrella liability insurance provide narrower coverage than the primary policy. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers.

§ 2.5.4 Workers' Compensation at statutory limits.

§ 2.5.6 Professional Liability covering negligent acts, errors and omissions in the performance of professional services with policy limits of not less than « One million dollars » (\$ « 1,000,000 ») per claim and « One million dollars » (\$ « 1,000,000 ») in each policy year aggregate.

Once approved by the Owner, time limits established by the schedule shall not, except for reasonable cause, be exceeded by the Architect or Owner. With the Owner's approval, the Architect shall adjust the schedule, if necessary, as the Project proceeds until the commencement of construction.

The Owner may obtain more advanced sustainable design services as a Supplemental Service under Section 4.1.1.

§ 3.2.5.2 The Architect shall consider the value of alternative materials, building systems and equipment, together with other considerations based on program and aesthetics, in developing a design for the Project that is consistent with the Owner's program, schedule, and budget for the Cost of the Work.

§ 3.2.6 The Architect shall submit to the Owner an estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.2.7 The Architect shall submit the Schematic Design Documents to the Owner, and request the Owner's approval.

§ 3.3 Design Development Phase Services

§ 3.3.1 Based on the Owner's approval of the Schematic Design Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Design Development Documents for the Owner's approval. The Design Development Documents shall illustrate and describe the development of the approved Schematic Design Documents and shall consist of drawings and other documents including plans, sections, elevations, typical construction details, and diagrammatic layouts of building systems to fix and describe the size and character of the Project as to architectural, structural, mechanical and electrical systems, and other appropriate elements. The Design Development Documents shall also include outline specifications that identify major materials and systems and establish, in general, their quality levels.

§ 3.3.2 The Architect shall update the estimate of the Cost of the Work prepared in accordance with Section 6.3.

§ 3.3.3 The Architect shall submit the Design Development Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, and request the Owner's approval.

§ 3.4 Construction Documents Phase Services

§ 3.4.1 Based on the Owner's approval of the Design Development Documents, and on the Owner's authorization of any adjustments in the Project requirements and the budget for the Cost of the Work, the Architect shall prepare Construction Documents for the Owner's approval. The Construction Documents shall illustrate and describe the further development of the approved Design Development Documents and shall consist of Drawings and Specifications setting forth in detail the quality levels and performance criteria of materials and systems and other requirements for the construction of the Work. The Owner and Architect acknowledge that, in order to perform the Work, the Contractor will provide additional information, including Shop Drawings, Product Data, Samples and other similar submittals, which the Architect shall review in accordance with Section 3.6.4.

§ 3.4.2 The Architect shall incorporate the design requirements of governmental authorities having jurisdiction over the Project into the Construction Documents.

§ 3.4.3 During the development of the Construction Documents, the Architect shall assist the Owner in the development and preparation of (1) procurement information that describes the time, place, and conditions of bidding, including bidding or proposal forms; (2) the form of agreement between the Owner and Contractor; and (3) the Conditions of the Contract for Construction (General, Supplementary and other Conditions). The Architect shall also compile a project manual that includes the Conditions of the Contract for Construction and Specifications, and may include bidding requirements and sample forms.

§ 3.4.4 The Architect shall update the estimate for the Cost of the Work prepared in accordance with Section 6.3.

§ 3.4.5 The Architect shall submit the Construction Documents to the Owner, advise the Owner of any adjustments to the estimate of the Cost of the Work, take any action required under Section 6.5, and request the Owner's approval.

§ 3.5 Procurement Phase Services

§ 3.5.1 General

Following the Owner's approval of the Construction Documents, the Architect shall assist the Owner in (1) obtaining competitive bids; (2) confirming responsiveness of bids; (3) determining the successful bid, if any; and, (4) awarding and preparing contracts for construction.

§ 3.5.2 Competitive Bidding

§ 3.5.2.1 Bidding Documents shall consist of bidding requirements and proposed Contract Documents.

§ 3.5.2.2 The Architect shall assist the Owner in bidding the Project by:

- .1 facilitating the distribution of Bidding Documents to prospective bidders;
- .2 organizing and conducting a pre-bid conference for prospective bidders;

- .4 Subsequently documenting and distributing the bidding results, if directed by the Owner.

§ 3.5.2.3 If the Bidding Documents permit substitutions, the Architect shall consider requests for substitutions and prepare and distribute addenda identifying approved substitutions to all prospective bidders.

§ 3.6 Construction Phase Services

§ 3.6.1 General

§ 3.6.1.1 The Architect shall provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A201™–2017, General Conditions of the Contract for Construction. If the Owner and Contractor modify AIA Document A201–2017, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement.

§ 3.6.1.2 The Architect shall advise and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of, and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work.

§ 3.6.1.3 Subject to Section 4.2 and except as provided in Section 3.6.6.5, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates on the date the Architect issues the final Certificate for Payment.

§ 3.6.2 Evaluations of the Work

§ 3.6.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.3, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine, in general, if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work.

§ 3.6.2.2 The Architect has the authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect shall have the authority to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is

fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 3.6.2.3 The Architect shall interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.6.2.4 Interpretations and decisions of the Architect shall be consistent with the intent of, and reasonably inferable from, the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and decisions, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or decisions rendered in good faith. The Architect's decisions on matters relating to aesthetic effect shall be final if consistent with the intent expressed in the Contract Documents.

§ 3.6.2.5 Unless the Owner and Contractor designate another person to serve as an Initial Decision Maker, as that term is defined in AIA Document A201-2017, the Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

§ 3.6.3 Certificates for Payment to Contractor

§ 3.6.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by the Architect.

§ 3.6.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.6.3.3 The Architect shall maintain a record of the Applications and Certificates for Payment.

§ 3.6.4 Submittals

§ 3.6.4.1 The Architect shall review the Contractor's submittal schedule and shall not unreasonably delay or withhold approval of the schedule. The Architect's action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time, in the Architect's professional judgment, to permit adequate review.

§ 3.6.4.2 The Architect shall review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials, or equipment, the Architect shall specify the

appropriate performance and design criteria that such services must satisfy. The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The Architect's review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals.

§ 3.6.4.4 Subject to Section 4.2, the Architect shall review and respond to requests for information about the Contract Documents. The Architect shall set forth, in the Contract Documents, the requirements for requests for information. Requests for information shall include, at a minimum, a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness. If appropriate, the Architect shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

§ 3.6.4.5 The Architect shall maintain a record of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.

§ 3.6.5 Changes in the Work

§ 3.6.5.1 The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. Subject to Section 4.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents.

§ 3.6.5.2 The Architect shall maintain records relative to changes in the Work.

§ 3.6.6 Project Completion

§ 3.6.6.1 The Architect shall:

- .1 conduct inspections to determine the date or dates of Substantial Completion and the date of final completion;
- .2 issue Certificates of Substantial Completion;
- .3 forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and received from the Contractor; and,
- .4 issue a final Certificate for Payment based upon a final inspection indicating that, to the best of the Architect's knowledge, information, and belief, the Work complies with the requirements of the Contract Documents.

§ 3.6.6.2 The Architect's inspections shall be conducted with the Owner to check conformance of the Work with the requirements of the Contract Documents and to verify the accuracy and completeness of the list submitted by the Contractor of Work to be completed or corrected.

§ 3.6.6.3 When Substantial Completion has been achieved, the Architect shall inform the Owner about the balance of the Contract Sum remaining to be paid the Contractor, including the amount to be retained from the Contract Sum, if any, for final completion or correction of the Work.

§ 3.6.6.4 The Architect shall forward to the Owner the following information received from the Contractor: (1) consent of surety or sureties, if any, to reduction in or partial release of retainage or the making of final payment; (2) affidavits, receipts, releases and waivers of liens, or bonds indemnifying the Owner against liens; and (3) any other documentation required of the Contractor under the Contract Documents.

§ 3.6.6.5 Upon request of the Owner, and prior to the expiration of one year from the date of Substantial Completion, the Architect shall, without additional compensation, conduct a meeting with the Owner to review the facility operations and performance.

- .4 « One » (« 1 ») inspection for any portion of the Work to determine final completion.

§ 4.2.4 Except for services required under Section 3.6.6.5 and those services that do not exceed the limits set forth in Section 4.2.3, Construction Phase Services provided more than 60 days after (1) the date of Substantial Completion of the Work or (2) the initial date of Substantial Completion identified in the agreement between the Owner and Contractor, whichever is earlier, shall be compensated as Additional Services to the extent the Architect incurs additional cost in providing those Construction Phase Services.

§ 4.2.5 If the services covered by this Agreement have not been completed within « ten » (« 10 ») months of the date of this Agreement, through no fault of the Architect, extension of the Architect's services beyond that time shall be compensated as Additional Services.

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project.

§ 5.2 The Owner shall establish the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. The Owner shall update the Owner's budget for the Project as necessary throughout the duration of the Project until final completion. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project. The Owner shall render decisions and approve the Architect's submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services.

§ 5.4 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions, and other necessary data with respect to existing buildings, other

improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

§ 5.5 The Owner shall furnish services of geotechnical engineers, which may include test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 5.6 The Owner shall provide the Supplemental Services designated as the Owner's responsibility in Section 4.1.1.

§ 5.7 If the Owner identified a Sustainable Objective in Article 1, the Owner shall fulfill its responsibilities as required in AIA Document E204™–2017, Sustainable Projects Exhibit, attached to this Agreement.

§ 5.8 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

§ 5.9 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.10 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.11 The Owner shall provide prompt written notice to the Architect if the Owner becomes aware of any fault or defect in the Project, including errors, omissions or inconsistencies in the Architect's Instruments of Service.

§ 5.12 The Owner shall include the Architect in all communications with the Contractor that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect.

§ 5.13 Before executing the Contract for Construction, the Owner shall coordinate the Architect's duties and responsibilities set forth in the Contract for Construction with the Architect's services set forth in this Agreement. The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.14 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

§ 5.15 Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of, or enforce lien rights.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and shall be adjusted throughout the Project as required under Sections 5.2, 6.4 and 6.5. The Village Engineer, Ruekert Mielke, Inc., has

prepared the preliminary estimate of the Cost of the Work. The Architect will not be responsible estimating the Cost of the Work.

§ 6.4 If, through no fault of the Architect, the Procurement Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect and Ruekert Mielke, Inc., revise the Project program, scope, or quality as required to reduce the Cost of the Work; or,
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. If the Owner requires the Architect to modify the Construction Documents because the lowest bona fide bid exceeds the Owner's budget for the Cost of the Work, the Owner shall compensate the Architect for the modifications as an Additional Service pursuant to Section 11.3. In any event, the Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Architect and the Owner warrant that in transmitting Instruments of Service, or any other information, the transmitting party is the copyright owner of such information or has permission from the copyright owner to transmit such information for its use on the Project.

§ 7.2 The Architect and the Architect's consultants shall be deemed the authors and owners of their respective Instruments of Service, including the Drawings and Specifications, and shall retain all common law, statutory and other reserved rights, including copyrights. Submission or distribution of Instruments of Service to meet official regulatory requirements or for similar purposes in connection with the Project is not to be construed as publication in derogation of the reserved rights of the Architect and the Architect's consultants.

§ 7.3 The Architect grants to the Owner a nonexclusive license to use the Architect's Instruments of Service solely and exclusively for purposes of constructing, using, maintaining, altering and adding to the Project, provided that the Owner substantially performs its obligations under this Agreement, including prompt payment of all sums due pursuant to Article 9 and Article 11. The Architect shall obtain similar nonexclusive licenses from the Architect's consultants consistent with this Agreement. The license granted under this section permits the Owner to authorize the Contractor, Subcontractors, Sub-subcontractors, and suppliers, as well as the Owner's consultants and separate contractors, to reproduce applicable portions of the Instruments of Service, subject to any protocols established pursuant to Section 1.3, solely and exclusively for use in performing services or construction for the Project. If the Architect rightfully terminates this Agreement for cause as provided in Section 9.4, the license granted in this Section 7.3 shall terminate.

§ 7.3.1 In the event the Owner uses the Instruments of Service without retaining the authors of the Instruments of Service, the Owner releases the Architect and Architect's consultant(s) from all claims and causes of action arising from such uses. The Owner, to the extent permitted by law, further agrees to indemnify and hold harmless the Architect and its consultants from all costs and expenses, including the cost of defense, related to claims and causes of action asserted by any third person or entity to the extent such costs and expenses arise from the Owner's use of the Instruments of Service under this Section 7.3.1. The terms of this Section 7.3.1 shall not apply if the Owner rightfully terminates this Agreement for cause under Section 9.4.

§ 7.4 Except for the licenses granted in this Article 7, no other license or right shall be deemed granted or implied under this Agreement. The Owner shall not assign, delegate, sublicense, pledge or otherwise transfer any license

granted herein to another party without the prior written agreement of the Architect. Any unauthorized use of the Instruments of Service shall be at the Owner's sole risk and without liability to the Architect and the Architect's consultants.

§ 7.5 Except as otherwise stated in Section 7.3, the provisions of this Article 7 shall survive the termination of this Agreement.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action against the other and arising out of or related to this Agreement, whether in contract, tort, or otherwise, in accordance with the requirements of the binding dispute resolution method selected in this Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the contractors, consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201–2017, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

§ 8.2 Mediation

§ 8.2.1 Any claim, dispute or other matter in question arising out of or related to this Agreement shall be subject to mediation as a condition precedent to binding dispute resolution. If such matter relates to or is the subject of a lien arising out of the Architect's services, the Architect may proceed in accordance with applicable law to comply with the lien notice or filing deadlines prior to resolution of the matter by mediation or by binding dispute resolution.

§ 8.2.2 The Owner and Architect shall endeavor to resolve claims, disputes and other matters in question between them by mediation, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its Construction Industry Mediation Procedures in effect on the date of this Agreement. A request for mediation shall be made in writing, delivered to the other party to this Agreement, and filed with the person or entity administering the mediation. The request may be made concurrently with the filing of a complaint or other appropriate demand for binding dispute resolution but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If an arbitration proceeding is stayed pursuant to this section, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

§ 8.2.3 The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

§ 8.2.4 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:

(Check the appropriate box.)

☐ Arbitration pursuant to Section 8.3 of this Agreement

☒ Litigation in a court of competent jurisdiction

☐ Other: *(Specify)*

If the Owner and Architect do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.

§ 8.4 The provisions of this Article 8 shall survive the termination of this Agreement.

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 If the Owner suspends the Project, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect shall be compensated for expenses incurred in the interruption and resumption of the Architect's services. The Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 9.6 If the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall compensate the Architect for services performed prior to termination, Reimbursable Expenses incurred, and costs attributable to termination, including the costs attributable to the Architect's termination of consultant agreements.

§ 9.7 In addition to any amounts paid under Section 9.6, if the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall pay to the Architect the following fees:

(Set forth below the amount of any termination or licensing fee, or the method for determining any termination or licensing fee.)

.1 Termination Fee:

« Ten percent (10%) of the Stipulated Sum for the Architect's basic services (See Article 11, Section 11.1.1) »

.2 Licensing Fee if the Owner intends to continue using the Architect's Instruments of Service:

« Ten percent (10%) of the Stipulated Sum for the Architect's basic services (See Article 11, Section 11.1.1) »

§ 9.8 Except as otherwise expressly provided herein, this Agreement shall terminate one year from the date of Substantial Completion.

§ 9.9 The Owner's rights to use the Architect's Instruments of Service in the event of a termination of this Agreement are set forth in Article 7 and Section 9.7.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of the place where the Project is located, excluding that jurisdiction's choice of law rules. If the parties have selected arbitration as the method of binding dispute resolution, the Federal Arbitration Act shall govern Section 8.3.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2017, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement, including any payments due to the Architect by the Owner prior to the assignment.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services, or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 10.8.1. This Section 10.8 shall survive the termination of this Agreement.

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law, arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8.

§ 10.9 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and

enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

COUNTYWIDE DAMAGE ASSESSMENT TEAM STANDARD OPERATING PROCEDURES (SOP), WAUKESHA COUNTY

PURPOSE

This plan will provide the guidance and procedures for the collection of damage assessment information for all Participating Jurisdictions within Waukesha County immediately following an incident and throughout the response and recovery phases. Damage assessment is the process of determining the location, nature, and severity of damage sustained by the public and private sectors.

SCOPE OF SERVICES

The scope of this plan is to address the procedures for the effective collection of damage assessment information to complete required documentation for the request of Individual Assistance during a presidential declaration under the Robert T. Stafford Disaster Relief and Emergency Assistance Act. Additionally, the information collected will assist local and county decision-makers in the activation of shelters, points of distribution, family assistance centers, and other related response activities. Countywide Damage Assessment Team activities will include collecting damage assessment information solely focusing on Individual Assistance eligible facilities and structures including privately owned homes and business facilities.

Damage assessment activities relating to Public Assistance, including the assessments of but not limited to roads, bridges, government buildings, publicly owned utilities, and parks will be handled by the local unit of government having jurisdiction.

OVERVIEW

Waukesha County is susceptible to a variety of natural disasters and human-caused emergencies. Depending on their severity, these events can inflict significant damage on infrastructure and essential services, quickly overwhelming the capacity of individual municipalities or the county as a whole to assess the situation and respond effectively to the needs of affected residents.

Emergency responders, whose primary focus is on saving lives and protecting property, are often challenged to gather and communicate accurate information about the extent of the damage. Without reliable data on the nature and scope of the disaster, Emergency Operations Centers face difficulties in coordinating response efforts and initiating the recovery process.

Given that disasters frequently transcend municipal and county boundaries, it is common for municipalities to seek assistance from the Waukesha County Office of Emergency Management when damage and citizen needs reach thresholds past the municipality's capabilities. To streamline the process of damage assessment across political jurisdictions, a mutual aid agreement has been established between Waukesha County and participating municipalities. This agreement aims to facilitate the accurate and timely collection of damage information following natural disasters or emergencies.

Damage Assessment Overview

After a natural disaster or emergency causing damage to private property and public infrastructure meeting thresholds for state and federal assistance, Waukesha County Emergency Management has between 14 and 21 days to compile and submit complete and accurate information to Wisconsin Emergency Management (WEM). This information is necessary for the Governor to prepare and submit a letter to the President requesting a Presidential disaster declaration. The timeline shown in Figure 1 outlines the key steps in this process.

- During and following a disaster, county and local response agencies will, on an ongoing basis, report on the extent of their involvement, damage estimates, and gather information regarding the disaster's impact on the public and private sectors.
- The Waukesha County Emergency Management Coordinator will notify Wisconsin Emergency Management (WEM), through the Region Director, when such a disaster occurs.
- When there is the potential need for state and/or federal assistance to supplement county and local efforts or when requested by the WEM Region Director, the county is expected to inform the WEM Region Director of an incident's impact on the community via WebEOC as soon as practical. The Waukesha County Emergency Management Coordinator must submit a Uniform Disaster Situation Report (UDSR) form to the UDSR board in WebEOC, within 72 hours of the end of a disaster incident period. At a minimum, the UDSR should include the following:
 - Time, date, location, and type of disaster.
 - Time and date of the UDSR submission, as well as name of person submitting the report.
 - Number of people injured or deceased.
 - Number of persons homeless and number evacuated and in shelters.
 - Damage estimates for the public and private sectors.
 - An estimate of the amount of damage covered by insurance.
- To obtain the information required on the UDSR, Waukesha County Emergency Management will coordinate with the affected municipalities to compile applicable information into an overall report for submission within 72 hours to WEM.
- As the disaster progresses and emergency response efforts are curtailed, the county will continue to assess the impact of the disaster through information received from response agencies and from the affected municipalities.
- Waukesha County Emergency Management will be responsible for transmitting updated information to WEM to revise the original UDSR submission.
- Waukesha County Emergency Management, on behalf of the County Executive, will consult with the WEM Region Director on the need for state and/or federal assistance. A decision will be made jointly by WEM and the county as to whether or not and what types of federal assistance will be requested.
- When a decision is made to request Presidential Disaster Assistance, the county is required to participate in the Preliminary Damage Assessment (PDA) process. The PDA is the first step in requesting such assistance. The process and its purpose are described in FEMA's "Damage Assessment Operations Manual." Waukesha County Emergency Management is responsible for assigning a knowledgeable county/local representative to each of the PDA teams.

CONCEPT OF OPERATIONS

This section provides an overview of countywide damage assessment team activities, to support municipal and county-wide coordination during an emergency response. Waukesha County Emergency Management will act as the coordinating entity for the Countywide Damage Assessment Team. The team members are trained on a routine basis and are prepared for activation 24-hours a day, 7 days a week after a disaster occurrence.

ACTIVATION

Aftereffects of disasters can easily surpass municipal and county capabilities in responding to the incident and collecting accurate and timely necessary information, the countywide damage assessment team will be available to provide assistance upon request of the impacted jurisdiction(s). Due to their role in coordinating the county-wide team, requests will be made directly to the Waukesha County Office of Emergency Management. The request process will follow standard procedures in requesting assistance from the Waukesha County Office of Emergency Management.

Upon the notification of the request for assistance, the Waukesha County Office of Emergency Management will coordinate with the Municipal Damage Assessment Coordinator(s) or his/her designee in gathering information regarding the initial damage assessment information within their municipality(s). Once the decision is made to deploy resources to the requesting jurisdiction(s), the County Damage Assessment Coordinator will provide notification to team members through Konexus's AlertSense to gauge team members availabilities. The County Damage Assessment Coordinator, in conjunction with the Waukesha County Office of Emergency Management and the requesting jurisdiction(s) will determine the appropriate response based on the scope of the incident and the availability of resources.

DEPLOYMENT

When deployed, team members will report to a staging location determined in collaboration by the County Damage Assessment Coordinator and the Municipal Damage Assessment Coordinator(s) or his/her designee. Reporting team members will be briefed on the extent of the initial damage information, provided a safety briefing, and given their assignments and damage assessment zones by the County Damage Assessment Coordinator or the Municipal Damage Assessment Coordinator or his/her designee. Deployments of the Countywide Damage Assessment Team will involve teams of 3-4 members, depending on the size of the incident and availability of members, with one member designated as the Team Lead.

Upon arrival at their assigned damage assessment zones, the Team Lead will inform the Municipal Damage Assessment Coordinator(s) or his/her designee of their arrival. Within their designated damage assessment zones, teams will collect damage information in accessible areas to determine level of damage according to the FEMA thresholds for damage (Inaccessible, Affected, Minor, Major, Destroyed).

While conducting damage assessments, the Team Lead will provide updates to the Municipal Damage Assessment Coordinator(s) or his/her designee on the progress of damage assessments conducted within their assigned damage assessment zones. This information will be utilized to account for all resources in the field, as well as, provide situational awareness on the progress of the overall damage assessment functions within the municipality(s).

Upon completion of their duties or as directed by the Municipal Damage Assessment Coordinator(s) or his/her designee, deployed damage assessment team members will coordinate demobilization with the Municipal and County Damage Assessment Coordinators.

DATA COLLECTION

All damage assessment information will be submitted to the Waukesha County Office of Emergency Management through the submission of Waukesha County Emergency Management's Survey123 application. Requesting Jurisdictions with existing damage assessment programs or procedures may choose to have deployed team members utilize these programs or procedures. If a jurisdiction opts to use its own programs or procedures, it must ensure that all collected damage assessment information is shared with the County Damage Assessment Coordinator and Waukesha County Emergency Management. Due to Waukesha County Emergency Management's role in obtaining and submitting damage assessment information to WEM, all information collected will be regarded as the intellectual property of Waukesha County. Damage assessment information collected pertaining to the respective municipalities, will be provided to the Municipal Damage Assessment Coordinator(s) through the use of dashboards displaying the collected damage information. Damage assessment data collected pertaining to specific Participating and Requesting Jurisdictions will be shared at the request of impacted municipality.

POST INCIDENT

Following an incident and at the determination of the Municipal and County Damage Assessment Coordinators, damage assessment team members will participate in a team debriefing conducted by Waukesha County Emergency Management. This debrief will assist in providing feedback on the damage assessment program and provide recommendations for improvement.

If seeking reimbursement funds through Wisconsin Disaster Fund or public assistance under the Stafford Act, Municipal Damage Assessment Coordinators will cooperate with Waukesha County Emergency Management in complying with grant requirements.

SECTION FIVE

Scope of Agreement

Nothing in this Agreement is intended to forfeit any right or responsibility of the County or Participating Jurisdiction under federal, state or local laws. Nor does this Agreement supersede existing mutual aid agreements, except to the extent they might expressly relate to the subject matter hereof. This Agreement is intended to cover only the parties' interactions and cooperation in completing Damage Assessments following an Emergency or Natural Disaster. Participating Jurisdictions hereby authorize and direct their respective personnel and Municipal Damage Assessment Coordinator or his/her designee to the extent reasonable and practicable to take necessary and proper action to render and/or request assistance from the other Participating Jurisdictions in accordance with the policies and procedures established and maintained in accordance with Waukesha County's Emergency Support Function (ESF) #21: Damage Assessment, as per the County's Comprehensive Emergency Management Plan (CEMP)..

SECTION SIX

Control Over Personnel and Equipment

Personnel dispatched to aid a Requesting Jurisdiction pursuant to this Agreement shall remain employees of their respective Participating Jurisdiction. Personnel shall report for direction and assignment at a location determined by the County Damage Assessment Coordinator, Requesting Jurisdiction's Municipal Damage Assessment Coordinator, or their designees. The Participating Jurisdiction shall at all times have the right to make final decisions about its ability to provide resources under this Agreement and once initially dispatched to determine its continuing ability to provide such resources and where necessary to withdraw any and all aid upon the order of its Chief Elected Official or his/her designee; provided, however, that a Participating Jurisdiction withdrawing such aid shall notify the County Damage Assessment Coordinator, Municipal Damage Assessment Coordinator, or his/her designee of the Requesting Jurisdiction of the withdrawal of such aid and the extent of such withdrawal.

Notwithstanding Section Seven and except to the extent subject to an indemnification obligation under Section Nine below, each Participating Jurisdiction shall be solely responsible for the benefits, wages, disability payments, pensions and worker's compensation claims and any other compensation accrued or incurred by each of its own employees while participating in the provision of services under this Agreement and for any damage to the Participating Jurisdiction's vehicles and equipment while participating in the provision of services under this Agreement.

SECTION SEVEN

Compensation

Equipment, personnel, and/or services provided pursuant to this Agreement shall be at no charge to the Requesting Jurisdiction. Notwithstanding the foregoing, and in recognition that provision of assistance to a Requesting Jurisdiction requires the County and Participating Jurisdictions to incur costs, nothing in this provision or elsewhere in this Agreement shall preclude the recovery of expenses incurred from third parties, responsible parties or from any state or federal agency under applicable state and federal laws or assistance programs for services rendered or equipment used in the performance of this Agreement.

SECTION EIGHT

Insurance

Participating Jurisdictions shall procure and maintain, at its sole and exclusive expense, insurance coverage, including: comprehensive liability, personal injury, property damage, worker's compensation,

with minimal limits of \$1,000,000 auto and \$1,000,000 combined single limit general liability per occurrence, and \$2,000,000 in the aggregate. Professional liability coverage shall be required with similar limits. No party hereto shall have any obligation to provide or extend insurance coverage for any of the items enumerated herein to any other party hereto or its personnel. The obligations of this Section may be satisfied by a party's membership in a self-insurance pool, a self-insurance plan or arrangement with an insurance provider approved by the state of jurisdiction. A certificate of insurance and policy endorsement evidencing the required insurance shall be furnished to the County upon execution of this Agreement and upon request at any time during the life of the Agreement.

SECTION NINE

Waiver of Claims/Indemnification

Each party hereto agrees to waive all claims against all other parties hereto for any loss, damage, personal injury or death occurring in consequence of the performance of this Agreement (a "Claim") except to the extent such Claim is the result of a malicious act by a party or its personnel or an act done by them with an intentional disregard of the safety, health, life or property of another. Each Requesting Jurisdiction agrees to indemnify, defend and hold all other parties to this Agreement harmless for all claims, demands, liability, losses, including attorney fees and costs, and damages arising or incurred that are made or asserted by a third party that may arise from the party providing services under this Agreement at the request of the Requesting Jurisdiction, except to the extent the result of a malicious act by a that party or its personnel or an act done by them with an intentional disregard for the safety, health, life or property of another.

Notwithstanding the foregoing, nothing contained within this Agreement is intended to be a waiver or estoppel of Waukesha County, Participating Jurisdiction or its respective insurer to rely upon the limitations, defenses, and immunities contained within Wisconsin Law, including those set forth within Wisconsin Statutes 893.80, 895.52, and 345.05.

SECTION TEN

Non-Liability for Failure to Render Aid

The rendering of assistance under the terms of this Agreement shall not be mandatory and the Participating Jurisdiction may refuse if local conditions of the Participating Jurisdiction prohibit response. It is the responsibility of the Participating Jurisdiction to immediately notify the County Damage Assessment Coordinator of the Participating Jurisdiction's inability to respond. Failure to immediately

notify the County Damage Assessment Coordinator of such inability to respond shall not constitute evidence of noncompliance with the terms of this section and no liability may be assigned.

No liability of any kind or nature shall be attributed to or be assumed, whether expressly or implied, by a party hereto, its duly authorized agents and personnel, for failure or refusal to render aid. Nor shall there be any liability of a party for withdrawal of aid once provided pursuant to the terms of this Agreement.

SECTION ELEVEN

Effective Date, Term, Termination

This Agreement shall become legally binding upon approval by the involved parties in accordance with applicable law and the execution thereof. The duration of this Agreement shall be a one-year period from the date of execution by the County; and shall automatically renew on a year-to-year basis unless terminated in accordance with this Section. Any of the parties may terminate their participation in this Agreement by providing written notice of said intent to terminate participation in the Agreement to all other parties to the Agreement not less than ninety (90) days in advance of the proposed termination date. The Agreement shall remain in full force and effect among the County and remaining Participating Jurisdictions until the County or all Participating Jurisdictions have terminated their participation in the Agreement.
