**MINUTES OF THE DOWNTOWN DEVELOPMENT COMMITTEE MEETING
MONDAY, DECEMBER 15, 2025**

Time: 5:30 PM

Place: Mukwonago Municipal Building / Board Room
440 River Crest Court, Mukwonago, WI 53149

Call to Order

Meeting was called to order by Chair Reeves at 5:30PM

Roll Call

Present: Anderson, Chitwood, Wamser, Reeves, and Pautz (arrived at 5:35pm) Also present:
Administrator Dykstra

Approval of Minutes

Approval of August 28, 2025 Minutes

Public Comment

None.

New Business

It was noted Dave Stockwell has submitted his resignation to the Committee.

Old Business

Discussion and Update on STH83 Project Planning

It was noted the Village had an update meeting with the DOT regarding the project. There is no final design concept at this time. Once they formalize the design, the Village will share with the Committee and look forward to a timeline to create streetscaping recommendations. No action is required at this time.

Review and recommendation on historic sign.

The committee reviewed a sign concept from Public Works Director. They were not interested in the same shape as the park signs. They are looking for a 48x60 no show screw sign. They would like to mimic the historic boarder shape from the current sign. They prefer a border and header. They do not like yellow lettering. The title should be Mukwonago - Place of the Bear.

The signature line should be Waukesha County Historical Society and erected 2025 in order to be listed on the County Historical Website.

Adjournment

Meeting adjourned at 6:06pm

Downtown Mukwonago's Beautification Program

Clean, lively streetscapes attract tourists,
shoppers, and new residents

Program Overview

Downtown beautification programs are cornerstones of their communities. It is here where we gather, celebrate and connect. By supporting the **Downtown Mukwonago Beautification Program**, donors play a meaningful role in creating a welcoming, walkable, and beautiful downtown for everyone.

Downtown Development Committee Impact to Date

- Pedestrian safety initiatives
- Streetscape and beautification concepts
- Holiday light pole decorations
- Downtown banners and benches
- Monument and wayfinding signage design
- The Sponsor-a-Planter program

Bring Community Vision to Life

- **Streetscape amenities:** benches, planters, banners, signage, and other enhancements
- **Ongoing maintenance:** watering flowers and caring for streetscape, year-round
- **Tax-deductible** contributions

Summary and Next Steps

The Downtown Development Committee recognizes the difficulty in completing the recommendations in the recommended timeframe in part due the COVID-19 pandemic and Village staffing changes.

The DDC will ~~use this Status Report to develop a 2023 workplan.~~ engage with the Board to determine next steps for the DDC to undertake.

Recommendation Descriptions

The following details have been offered by the DSPSC for background and support for each recommendation. The estimated costs have been included for capital expense planning purposes and offer a range of cost based on committee members' history and knowledge for the items. When available, actual cost estimates have been noted.

Recommendation 1-1

Engage a firm to create a roadway design and streetscaping enhancement plan. Elements to be included: sidewalks, crosswalks, beautification, lighting, safety, connectivity and gateways. Begin implementing crosswalk safety enhancements.

Mukwonago has a fair amount of historic buildings at its core, but the Hwy. 83 roadway corridor through downtown leaves a lot to be desired with many concrete surfaces, mismatched benches and lighting and limited color in the downtown. The downtown environment should be a key reason why people want to visit, shop, work and live in the center of the Village. Other considerations include:

- Overall cleanliness, attractiveness, maintenance and repair, and safety
- Connect to the rest of the community through signage and sidewalks
- Inventory existing sidewalks, crosswalks and other amenities such as benches, planters and garbage bins
- Address sidewalks, crosswalks and pedestrian safety features such as activated flashing pedestrian crossing signs, banners, street lights, benches, garbage/recycling cans, bike racks, shade, vegetation, restrooms, water fountains, gathering spaces and gateways
- Connect and enhance Indianhead Park on the southern boundary of downtown
- The plan should also include a comprehensive recommendation for the downtown along with a list of potential funding sources
- Regarding implementation (see Tier 2 recommendations), consider a manageable block-by-block plan instead of attempting to improve the entire district at once

This recommendation addresses enhancing the environment in downtown to be a welcoming, friendly, attractive, colorful, connected and safe environment.

❖ **Estimated Planning Cost: \$10,000-\$50,000**

Recommendation 1-2

Adopt an ordinance to change the trucking route onto Veterans Way/Holz Parkway to bypass downtown.

To reduce heavy truck traffic, the DSPSC has recommended to the Village Board to adopt an ordinance diverting heavy truck traffic from Hwy 83 to Veterans Way/Holz Parkway. This should be supported by:

- Educating truck drivers of the preferred truck route
 - Installation of new signs indicating the bypass route
 - Educating residents and visitors about the option to use Veterans Way/Holz Parkway if they do not intend to stop at a business/location in downtown
 - It is important that this recommendation does not negatively impact the business community, so the DSPSC is recommending the installation of additional signage to direct traffic to the historical downtown retail center
- ❖ **Estimated Cost: \$250-\$2,000 for new signs to be installed informing drivers of new routes and limited costs associated with the Village Attorney's time spent on the project.**

Recommendation 1-3

Encourage opportunities for community spaces to allow for activities, community meeting and relaxation spaces in the downtown area.

An engaged network of neighbors, community groups and volunteers should be created to develop additional cultural opportunities while capitalizing on the Village's existing assets (Red Brick Museum, Community Library) and events (arts, culture and heritage). The goal will be to articulate the unique character of downtown culture, heritage and recreational activities.

- Strengthen relationships with individuals and organizations to build a common vision and thereby maximize resources
 - Allocate additional human and fiscal resources for marketing and promoting the activities of this group
 - Encourage a connected parks and trail system that promotes a link to nature, recreation, and the downtown. Consider the goals for the Village's Comprehensive Outdoor Recreation Plan (2017) to make informed decisions pertaining to facilities and parks before making capital investment plans
- ❖ **Estimated Cost: TBD based on the amenities and resources to be developed.**

Recommendation 1-4

Re-establish a Historic Preservation Commission (Landmark Commission) to guide and support historic preservation and compatible redevelopment.

In recent history, the Village had a Historic Preservation Commission (HPC) which was absorbed by Mukwonago's Plan Commission. Reinstating a HPC is a top priority activity in the Tier 1 recommendations based on the community survey, feedback from the open house as well as the committee members' research on this topic. The Village also maintains a Certified Local Government (CLG) status with the Wisconsin Historical Society (WHS). The recommended activities for this group include:

- Assess the benefits of activating the Village's CLG status
- Conduct walking tours to promote the historic features and cultural assets of downtown (in cooperation with the Red Brick Museum)
- Coordinate with the Red Brick Museum and Chamber to educate property owners about the benefits of historic preservation
- Conduct an architectural review based on newly created Design Guidelines (Tier 2 activity)
- Develop financial tools to support historic preservation and compatible redevelopment (Tier 2 activity)

❖ Estimated Cost: \$0

Recommendation 1-5

Engage a firm to conduct a market analysis with the goal of attracting new businesses and growing the existing economic base, and maximizing the existing commercial space in downtown.

By engaging a firm such as the UW-Extension to conduct a market analysis, relevant market data and information can be used to support existing and new business growth. Additional areas to be addressed in this report should include:

- Industry cluster targets and a market gap-analysis
- Programs to attract locally-owned, independently-owned, niche/specialty businesses as well as existing businesses seeking a second location in downtown
- Conduct a business and building inventory
- Compare attraction prospects with existing land use and zoning ordinances within the Downtown Overlay District
- The results of the program should be communicated with existing businesses and property owners via a business outreach program (Tier 2 activity)

❖ Estimated Report Cost: \$5,000-\$10,000

Recommendation 1-6

Investigate the development of a Downtown Business Owner's Association (DBA) and in years 2-3 a Business Improvement District (BID) to support and enhance downtown.

Downtown business development is most successful when led by a strategically-focused group. The DSPSC recommends the creation of an organizational structure to lead downtown business redevelopment activities and projects. Potential structures include:

- Downtown Business Owner's Association (DBA)
- Existing Village Economic Development Committee (EDC)
- A committee to be created under the Chamber of Commerce
- A Business Improvement District (see Tier 2 recommendation)
- Main Street program
- Connect Communities program

The DSPSC is not recommending the Village coordinate the ongoing management/organization for downtown business development, as this is best done in a partnership with the Village, business owners, property owners and key downtown stakeholders. The Village should continue to highlight downtown economic development efforts during the annual Economic Development Breakfast, and for the Village President to continue with business retention visits, as well as engage in discussion with the newly created entity.

❖ **Estimated Cost - DBA (Tier 1): \$0**

Recommendation 2-1

Invest in the maintenance and replacement of pedestrian safety features and roadside amenities.

Building off of Recommendation 1-1 there will be needed maintenance as well as additional features to consider for the beautification of downtown. Elements to be assessed include but are not limited to:

- Maintaining sidewalks, crosswalks and pedestrian safety features such as activated, flashing pedestrian crossing signs, banners, street lights, benches, garbage and recycling bins, bike racks, elements that offer shade, vegetation, restrooms, water fountains and gathering spaces
- Developing an annual flower/perennials planting/tree planting and maintenance program throughout downtown with an eye toward adding more color for prolonged periods of time
- Enhance the entrances to the historical pedestrian-friendly downtown with prominent visual upgrading and/or utilizing landmarks to serve as gateways

❖ **Estimated Cost: Varies depending on the elements to be installed.**

Recommendation 2-2

Engage a firm to develop a design plan with specific guidelines focusing on exterior building improvements which are consistent with Recommendation 1-1 to achieve a cohesive environment.

Historic buildings are critical to the fabric of downtown. The Village Historic Overlay District ordinance provides guidance for maintenance and improvements made to existing commercial and residential properties in the District. By engaging a firm to develop a Design Guidelines Plan that focuses on exterior building improvements, the fabric of downtown will be enhanced for future generations to enjoy.

The guidelines should serve as a tool for commercial and residential properties during building renovations and new construction to support a cohesive image and branding for downtown. This will promote the preservation of the historic attributes of existing buildings while maintaining the historic authenticity of our community. Incorporating the recommended roadway improvements from the previous recommendation in the Tier 1 (see Roadway Improvements and Streetscaping Enhancement Plan) will maintain compatibility with the existing environment.

The firm will also conduct an independent analysis of commercial properties for the entirety of Mukwonago's downtown and include action items, funding sources and a consideration of multi-use housing opportunities.

It is recommended that the selected firm and the Village engage the public through several methodologies:

- Include downtown stakeholders and residents in several visioning as well as community workshops. Items to be addressed include the current status of properties, identification of properties suited or marketable for commercial use and areas that lend themselves to possible redevelopment
- Present results to the public for comment in informational feedback sessions
- Share design guidelines with the public via the Village's website and other resources

❖ **Estimated Cost: \$10,000-\$50,000**

Recommendation 2-3

Promote and collaborate with community-based organizations for historical and cultural events and programming.

Mukwonago has existing groups, such as the Community Library, Chamber of Commerce and Red Brick Museum, that offer programs and other activities which enhance the historic and cultural identity of the Village. The DSPSC recommends developing partnerships with these groups, the newly formed Historic Preservation Commission, the Mukwonago Area School District and Education Foundation, as well as downtown property and business owners to support existing events while encouraging new activities and cultural programming in the downtown.

❖ Estimated Cost: \$0*

**New events/activities may require funds for implementation and marketing.*

Recommendation 2-4

Marketing to highlight the uniqueness of Mukwonago and to showcase events, culture and recreational activities.

The DSPSC recognizes the existing events and offerings by the Community Library, Chamber of Commerce, Red Brick Museum, School District, among others that provide historic and cultural benefit to Village residents and visitors. The Committee recommends actively conducting cross-promotions by each of these groups to create a strong and engaged network that will showcase activities throughout the community. The end goal is that residents have a greater sense of belonging and civic pride to support local, cultural and recreational activities.

- Promote the development of a community calendar to consolidate all planned activities and events

❖ Estimated Cost: Varies depending on the type of marketing to be deployed.

Recommendation 2-5

Create financial support programs to encourage and support downtown building improvements and business development.

A part of implementing the new Design Guidelines and Market Analysis, financial support programs must be developed to encourage and support downtown building improvements and business development.

- Identify and research financial tools to support historic preservation, building improvements and compatible redevelopment (ex. Local lenders low-interest loan pool and Façade, White Box Grant and Signage Grant)
 - Identify other funding mechanisms to support business development (ex. Rent Assistance Grant, TIF, BID, housing financial assistance, Revolving Loan Fund, etc.)
 - Implementation of selected financial assistance programs to be conducted by the Village and/or newly created HPC (or BID)
 - Grants which aid in the revitalization of specific properties within downtown should also be pursued (ex. WI Economic Development Corporation's Community Development Investment Grant and Brownfield Grant)
 - Continue the existing business retention program conducted by the Village President
 - Create marketing materials to summarize all the available local and regional/state resources and business services organizations such as (SBA, SCORE, WWBIC) with property and business owners
- ❖ **Estimated Cost: Varies with the program to be created***

**Source of funds may come from the Village's General Fund, TIF, BID, etc.*

Recommendation 2-6

Invest in wayfinding signage around the downtown and to key points of interest in the Village.

Develop a plan and install a coordinated wayfinding signage system throughout the Village including Downtown and Downtown Neighborhoods (ie: Pearl Street as a destination).

A system of well-balanced parks as well as land and water trails that connect and direct users to downtown, engages people of all ages and backgrounds, while enhancing the overall quality of life for Village residents and visitors. The Village has many trails that serve a range of uses (walking, biking, East Troy Railroad Trolley, boating, canoeing and kayaking on the rivers and lakes).

- Signage will be installed to direct trail users to downtown
 - Install wayfinding signage from neighborhoods to downtown parks, public spaces and the business district
 - Downtown parking options must be signed and should present a positive and aesthetically pleasing image
- ❖ **Estimated Cost: Varies, but may range between \$10,000-\$25,000 depending on the number and style of signs to be installed.**

Recommendation 2-7

Marketing of existing public parking options in downtown.

Public parking spots exist within downtown in both public parking lots and on-street parking. These parking spaces serve visitors, daytime workers and attendees of special events.

The Chamber of Commerce, in its function as a visitors' bureau and special events coordinator, existing businesses, and other community stakeholders offer numerous tools to educate the public about the location of public parking options in downtown.

Recommendations include:

- Develop a map to share with business owners; online map resource
 - Identifying the location of all parking spaces
 - Install wayfinding/directional signage to identify the location of parking lots
 - Develop and undertake a capital repair and replacement plan for parking lots and parking spaces in downtown
- ❖ **Estimated Cost: TBD**

Recommendation 2-8

Investigate the development of a Business Improvement District (BID) to support and enhance downtown.

See Recommendation 1-6.

- ❖ Estimated Cost - BID (Tier 2): Each property owner in the BID pays an annual special assessment tax.

Human presence in this area stretches back over 10,000 years. By the 1600s, the Potawatomi were the primary Indigenous people here, and by the early 1700s, permanent villages had been established throughout Waukesha County.

One of the largest Potawatomi settlements in the Wisconsin Territory thrived at the confluence of the Mukwonago and Fox Rivers—today's Mukwonago. Wigwams lined what is now Main Street, a council house stood on the north bank of the Mukwonago River, and a horse racing track once occupied the land now known as Field Park.

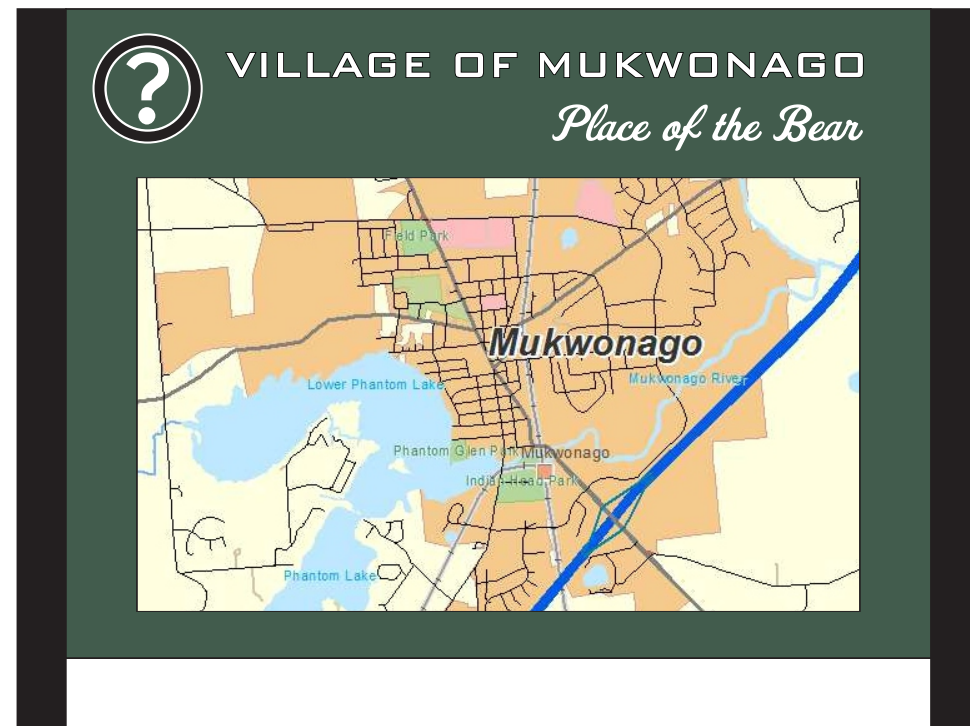

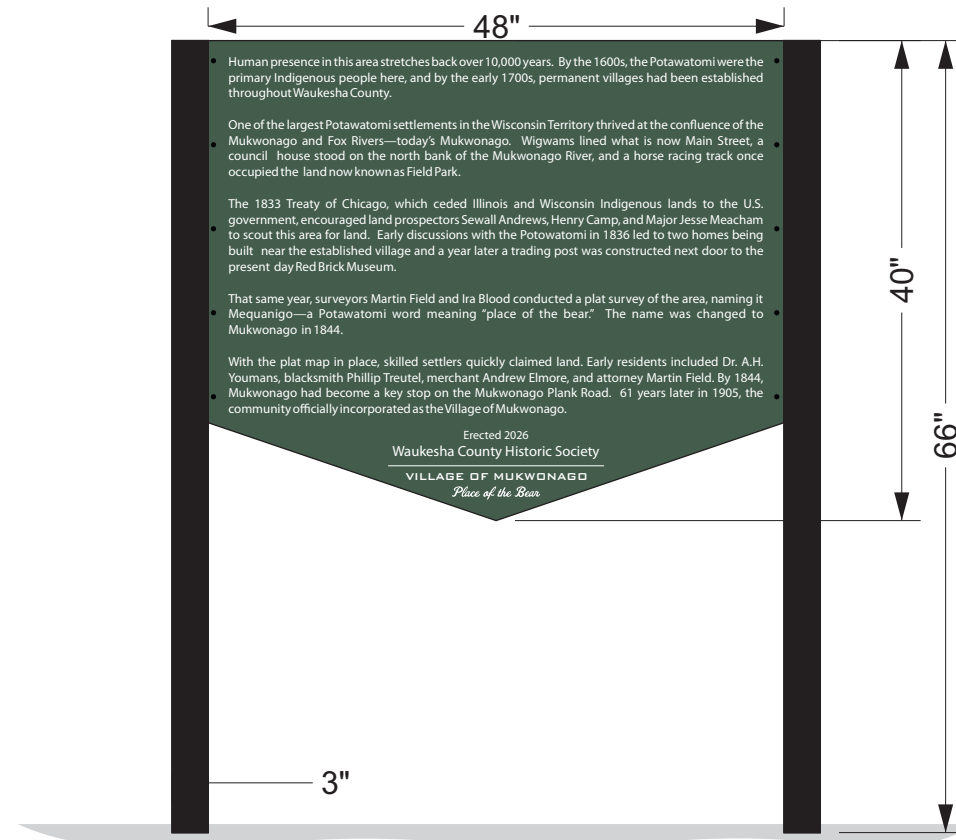

The 1833 Treaty of Chicago, which ceded Illinois and Wisconsin Indigenous lands to the U.S. government, encouraged land prospectors Sewall Andrews, Henry Camp, and Major Jesse Meacham to scout this area for land. Early discussions with the Potawatomi in 1836 led to two homes being built near the established village and a year later a trading post was constructed next door to the present day Red Brick Museum.

That same year, surveyors Martin Field and Ira Blood conducted a plat survey of the area, naming it Mequanigo—a Potawatomi word meaning "place of the bear." The name was changed to Mukwonago in 1844.

With the plat map in place, skilled settlers quickly claimed land. Early residents included Dr. A.H. Youmans, blacksmith Phillip Treutel, merchant Andrew Elmore, and attorney Martin Field. By 1844, Mukwonago had become a key stop on the Mukwonago Plank Road. 61 years later in 1905, the community officially incorporated as the Village of Mukwonago.
